

We are in receipt of the "TRIBUNE ALMANAC" for 1866. Thanks to the publisher.

The propeller Gov. Cushman in leaving here, this morning, for Milwaukee, was driven ashore on the north bar, at the entrance of our harbor. She is said to be hard on.

We are informed that Rev. Warren Tappin, so long and favorably known to our citizens, died recently, at some place on the West side of Lake Michigan, where he was located.

The snow which presented a decidedly sloppy surface, on Thursday and Friday last, stiffened again on Friday night—affording us excellent sleighing again. The ice on the river is a foot thick and upward and the crossing perfectly safe for terms and loads.

The Circuit Court is now in session here, Hon. F. J. Littlejohn presiding.—But few new cases appear on the docket, and only one criminal case of importance, that of young Bisbing, for breaking into the store of Messrs. Miner & Tucker, at Berlin, and stealing goods therefrom. He was brought into court yesterday, plead guilty, and awaits his sentence.

Mr. CHAS. E. COLE, County Surveyor, is engaged in thoroughly systematizing the business belonging to that office, has procured a large addition to the field notes and will spare no pains to make all matters pertaining to the office as complete as possible. To assist him to carry out his plans the more efficiently the Board of Supervisors has granted him \$100 to defray necessary expenses. His business office will hereafter be at Berlin, where he may be found. All applications for his services, either in person or by letter, at this office, will receive prompt attention.

The Board of Supervisors of our county did up the work of the January session with very commendable dispatch.—Among the important measures adopted are the following: Permission granted for the erection of a draw bridge over Grand River, at Lamont—the draw to be forty-five feet in width, and the company constructing the bridge to have the privilege of charging tolls—20 cents for double-team vehicle and driver, 10 cents for a single one, five cents for horse and rider, three cents for foot passengers, animals, &c. The work, we understand, will be entered upon as soon as practicable in the spring and pushed forward with alacrity to its completion.

We are informed the citizens of the rival village, Eastmanville, are moving also for a similar bridge over Grand River, at that point. No public enterprise, considering the sum required, could be more conducive to the growth of those two villages than the bridges under consideration.

Another important matter under the consideration of the Board, is the purchase of a county poor farm. The committee appointed, at the last session of the Board, to consider the feasibility of the purchase of such a farm, reported favorably there-to and recommended the raising of \$7,000 for that purpose, and as several farms have been offered to the committee, as suitable ones, for that purpose, varying in price from \$2,500 to \$8,000, a committee of five, consisting of Messrs. Boed, of Robinson; Lillie, of Wright; Storrs, of Polkton; Jones of Olive, and Howard of Holland, was appointed to make a personal inspection of all farms thus offered and report at an adjourned session of the Board, to be held on the second Tuesday of February next. The small-pox accounts amounting to a thousand dollars and upward, accruing during the prevalence of the small-pox here, last summer, was allowed by the Board as legitimate charges against the county. We hope to lay the entire journal of the Board before our readers in our next issue.

The Singer Sewing Machines.

Our LETTER A FAMILY SEWING MACHINE is fast gaining a world-wide reputation. It is beyond doubt the best and cheapest and most beautiful of all Family Sewing Machines yet offered to the public. No other Family Sewing Machine has so many useful appliances for Hemming, Binding, Felling, Tucking, Gathering, Gauging, Braiding, Embroidering, and so forth. No other Family Sewing Machine has so much capacity for a great variety of work.—It will sew all kinds of cloth, and with all kinds of thread, Great and recent improvements make our Family Sewing Machine most reliable and most durable, and most certain in action at all rates of speed. It makes the interlocked stitch, which is the best stitch known. Any one, even of the most ordinary capacity can see, at a glance, how to use the letter A Family Sewing Machine. Our Family Sewing Machines are finished in elegant and exquisite style.

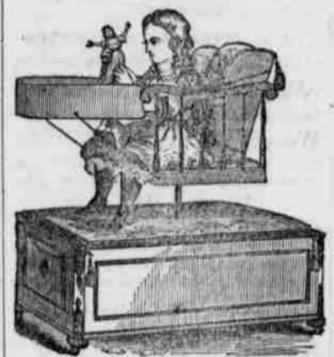

The Folding Case of the Family Machine is a piece of cunning workmanship of the most useful kind. It protects the machine when not in use, and when about to be operated may be opened as a spacious and substantial table to sustain the work. While some of the Cases, made out of the choicest woods, are finished in the simplest and cheapest manner possible, others are adorned and embellished in most costly and superb manner.

It is absolutely necessary to see the Family Machine in operation, so as to judge of its great capacity and beauty.

It is fast becoming as popular for family as our Manufacturing machines are for manufacturing purposes.

The Branch Offices are well supplied with silk, twist, thread, needles, oil, &c., of the best quality. Send for a PAMPHLET. THE SINGER MANUFACTURING COMPANY, 458 Broadway, New York. Detroit Office, 58 Woodward Avenue. [2334E]

BROWN'S PATENT BABY-TENDER.

The BABY-TENDER is the most complete and useful Nursery Invention of the age. From a charming Spring Cradle it is easily and almost instantly converted into either of the following articles, viz:

- A RECLINING COUCH, for children too young to sit alone.
- A SPRING CHAIR,
- A BABY WALKER, attractive and useful.
- AN OTTOMAN, for the parlor or dining-room.
- A HOBBY-HORSE, for children under five years.

- A BABY JUMPER, for security, exercise and amusement. (See cut.)
- A BABY HORSE, (or when elevated) a HIGH CHAIR, for the table.
- A NURSERY CHAIR.

The motion of the Baby Tender, which is vertical and noiseless, is derived from a Spiral Spring in the Ottoman; and, unlike that of the common Rocking or Swinging Cradle, is in the highest degree healthy, delightful and soothing. It RELIEVES the MOTHER from the hardest part of baby-tending.

Prices from \$25 to \$50. Agents wanted. BABY TENDER Mfg Co., 483 BROADWAY, New York. [3214F]

Great Improvement in Sewing Machines.

EMPIRE SHUTTLE MACHINE!

Patented February 14th, 1860. SALESROOM 536 BROADWAY, N. Y., AND 259 WASHINGTON STREET, BOSTON.

THIS MACHINE is constructed on entirely new principles of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be SIMPLICITY and PERFECTION COMBINED.

It has a straight needle, perpendicular action, makes the "Lock," or Shuttle Stitch, which will "Neither Rip nor Ravel," and it is alike on both sides; performs perfect sewing on every description of material, from Leather to the finest Nansook Muslin, with cotton linen or silk thread, from the coarsest to the finest number.

Having neither "Cam nor Cog Wheel," and the least possible friction, it runs as smooth as glass, and is

EMPHATICALLY A NOISELESS MACHINE!

It requires fifty per cent. less power to drive it than any other Machine in the market. A girl twelve years of age can work it steadily, without fatigue or injury to health.

Its strength and "Wonderful Simplicity" of construction renders it almost impossible to get out of order and is Guaranteed by the Company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article, to come and examine this "Unrivalled Machine."

One half hour's instruction is sufficient to enable any person to work this Machine to their entire satisfaction.

Religious and Charitable Institutions will be liberally dealt with.

AGENTS wanted for all Towns in the United States, where agents are not already established. Also for Cuba, Mexico, Central and South America, to whom a liberal discount will be given.

Flashes, Sick Headache, Pains in the Loins, Back and Sides, Palpitation of the Heart, Nervous Tremors, Hysterics, Spasms, Broken Sleep, and other unpleasant and dangerous effects of an unnatural condition of the sexual functions. In the worst case of *Flour Albus*, or Whites, they effect a speedy cure.

Dr. Cheeseman's Female Pills

Have been used OVER A QUARTER OF A CENTURY. They are offered as the only safe means of renewing interrupted menstruation, but Ladies must bear in mind that there is one condition of the female system in which the Pills cannot be taken without producing a PECULIAR RESULT. The condition referred to is PREGNANCY—the result, MISARRIAGE. Such is the irresistible tendency of the medicine to restore the sexual functions to a normal condition, that even the reproductive power of nature cannot resist it. THEY CANNOT DO HARM in any other way.

Dr. Cheeseman's Female Pills

Are the only Medicine that MARRIED AND SINGLE LADIES have relied upon for many years, or can rely upon now. BEWARE OF IMITATIONS!
